

Welcome to the *ACCUFAX* world of “**Exceptional Customer Service**”.

ACCUFAX is different from the usual employment screening company. Our field information service employees, in-house managers, customer service representatives, member support staff, and automated technology, streamline report processing and delivery. By overseeing all aspects of information processing and reporting, you and your company are assured of personal attention, quality background information and prompt delivery of reports with the lowest possible cost.

ACCUFAX has been locally owned for the last twenty years, providing clients with reliable and accurate background screening and volunteer screening services. We have grown to cover the entire United States serving a wide variety of clients and industries. In 1991 we became an authorized agent for Experian Business Credit services.

ACCUFAX has fully automated access to many public court records, consumer credit profiles and other valuable, publicly available information sources. Our link with the FBI since 1989 has been an invaluable tool in revealing national wanted fugitives and missing persons.

ACCUFAX Currently has over 2,000 clients in the United States and it is continually growing everyday.

One of the unique qualities of *ACCUFAX*, is we also carry Errors & Omissions Insurance, which will cover you up to a million dollars in the case of error on the states part or on our part. This can help lighten your load of worry knowing we are totally diligent on your behalf.

In an ever-changing business environment, *ACCUFAX*'s dedication, anticipation and responsiveness to our clients remains constant. *ACCUFAX* pledges to provide unparalleled 'Customer Service'. We are dedicated to providing the products and services that best meet your needs and, each *ACCUFAX* employee is responsible for doing whatever it takes to make your experience with us, the benchmark of excellence by which you measure all other vendors.
